

## **2-4-1 Sports COVID Refund policy**

Due to the ongoing pandemic, we have received many questions regarding refunds if their child or children should be instructed to self-isolate by local health authorities. Below is our refund policy exclusively for any campers who have to be removed from the camp due to being exposed to our contracting the COVID-19 virus.

Thank you for your understanding regarding this policy as we want to make sure we're being fair to all registered families while being able to minimally cover costs.

If your child can not come to camp because of a first person contact that happened outside of camp, we will

1. refund 50% of the remaining days, or
2. forward the entire remaining balance as a credit to a future 2-4-1 program.

If the first person contact happens as a result of being at camp (exposed by a staff member or fellow camper)

1. refund 90% of the remaining days, or
2. forward the entire remaining balance as a credit to a future 2-4-1 program.

Before and after care amounts will be refunded fully regardless of how the contact occurred.

Thank you for your support and understanding regarding this policy!
